

THE JOURNEY

Where you sit today is a domain that flaunts a glorious legacy. The history of this place dates back to 1984 when HOTEL AVISHKAR was established. Serving typical North-Indian food and a full fledged array of spirits, AVISHKAR was just as crowded and popular among the youth of that era. 'Butter Chicken' from AVISHKAR marked a place in people's mind and got famous in no time.

After this place was taken over by Jayant Baravkar in 2009, BY THE WAY was introduced with a completely mesmerising decor and global delicacies which ran successfully for 7 years.

Rapid growth in the hospitality industry lead to some changes in the entire setup of the restaurant and that's how CULTURE PUNE was born on 24th of April, 2017.

Culture Pune is well known for its food and it fits perfectly to all the food lovers' palette. Popularly known as the Good Vibe Bar, Culture Pune has a rustic ambience created by Mr Hrishikesh Baravkar. Culture Pune also bagged the Best VFM bar Times award in the year of 2019.

We wish to continue serving our patrons the best Always!!
