Let us TELL you...

Our story came to be in 1999, with the first branch called Tell Restaurant established in Phnom Penh. The name Tell took origin from the beloved Swiss folk hero, William Tell. As the Swiss is well-known for their diverse culture and cuisine, Tell offers not only Swiss but also German & French dishes.

With heartfelt support from our customers over two decades and Cambodian's tremendous appreciation for Italian cuisine, we decided to branch out to create Tell Italiano.

Here at Tell Italiano, we aim to provide our customers with friendly service and serve quality Italian food with a Tell twist.

We hope you will join us and support us on our journey!

Ciao!

- Tell Italiano Team
